NOTE.—The scheme approved in G.O. No. 2786, P.H., dated 26th October 1945, applies only to British subjects. The idea of exclusion of periods spent by the parents in the Government service or by the candidate over his studies is to make nativity relate really to the district to which the candidate actually belongs by birth, parentage, possession of ancestral property, etc., and not to make it dependent on the accident of Government service or of sojourn for educational purposes. The idea is not to let nativity be acquired in any district elsewhere to which a Government officer might go during his service. The test is applied with reference to the candidate and he is entitled to exclude both the periods spent by him in studies elsewhere and by his parents in Government service elsewhere if he was with them all along. For instance, if a student belongs to a family in Tanjore, spends his boyhood with a parent who is in Government service in various places elsewhere and then goes to Madras or elsewhere for his studies, he should be put down as a native of Tanjore where his father would have spent, presumably, more than ten years before he entered Government service. If a candidate belongs to more than one district by this test, he can elect any one of the districts for purposes of the certificate.

Whichever of the two forms, I and II, is appropriate to the particular case should be used.

C

G.O. No. 2786, P.H., dated 26th October 1945.

Under the rules regulating the admission of students into the Medical Colleges, the Engineering College, Guindy, and the "Arther Hope College of Technology," Coimbatore, every applicant for admission is required to produce a nativity certificate along with the application. The certificate must be obtained from an officer not below the rank of a Tahsildar in the case of Medical Colleges and a Deputy Tahsildar in the case of the Engineering College, Guindy, and the "Arther Hope College of Technology," Coimbatore, and it should be produced before the candidates are selected for admission into the colleges. The question has been raised as to how nativity should be decided. The Government direct that the test must be residence by the candidate or his parents in a district for a period of ten years immediately preceding the date of application (excluding periods spent by the candidate for studies or periods spent by his parents in Government service in any other district). If a candidate belongs to more than one district by this test, he can elect any one of the districts for purposes of the certificate. The Government also direct that the officer who is competent to grant the certificate must be an officer of the district belonging to the Revenue Department not below the rank of a Tahsildar. The certificate must also bear the stamp of the office of the Tahsildar.

2. The Surgeon-General is requested to forward a draft form of nativity certificate applicable to the Medical Colleges and Engineering Colleges, in consultation with the Director of Public Instruction for the approval of Government.
